

SPP116 Blueback poster paper, 115g

- Description:

Wet-strength paper, white matt with blue reverse side
- Application:

Poster advertising for indoor and outdoor use.
- Features:

SPP1116 is easy to print on and offers excellent dimensional stability and good flatness. The poster paper is wet-strength and easy to fold. The blue back coating ensures high opacity of the paper to cover underlying motifs well. The paper is environmentally friendly and recyclable.
- Inks and printers:

Universally applicable for printers with solvent, eco-solvent, and UV-curing ink.
- Printing:

Allow the material to acclimatize to room temperature (> 20°C) in the printer room for at least 2 hours before printing. The print side should be facing outwards. Ensure a dust-free printing environment and avoid fingerprints on the printing surface by wearing cotton gloves.
- Lamination:

Laminating is not recommended for the intended application.
- Storage:

Store the material immediately after printing to prevent contamination and curling. Repack the material in the protective film and store the roll upright in a light-protected and dust-free environment at 30 to 65% relative humidity and 10 to 30°C room temperature. The shelf life is 12 months.

Technical Data:

Feature	Value	Method
Total weight	115gr	ISO536
Thickness	145µm	ISO534
Opacity	>98%	ISO2471
Whiteness	98%	ISO11475
